diamondsinthelibrary I just looked at every single piece in [@nycjewelryweek](#)'s Bonded: Jewelry from the Stay Gold Collective Exhibition and I'm fully blown away!

I remember when the Stay Gold Collective was just an idea in my brilliant friend [@liz_kantner](#)'s head and now it's a dazzling, active group of designers that has helped me discover exciting new brands again and again - and now has their own exhibit at [@nycjewelryweek](#)!

Congrats to [@liz_kantner](#) and all the Stay Gold Collective designers! Go take a look at all of Bonded - you won't regret it.
